# The Youth Endowment Fund

## **Our Vision**

A world where no child becomes involved in violence.

## **Our Mission**

To find what works and build a movement to put this knowledge into practice.

---

# Our strategy is to focus on the 7 Essential Sectors

Focusing on 7 Essential Sectors

We will **FUND GOOD WORK**

**Systematic Reviews**  
Fund reviews summarising the existing evidence on reducing violence.

**Evidence Gaps**  
Spot the most important gaps in evidence on what reduces violence.

**New Evaluations and Data Analysis**  
Fill these gaps with new research.

We will **FIND WHAT WORKS**

**YEF Toolkit**  
Publish clear advice on which interventions work best and which do harm.

**Practice Guidance**  
Publish guidance for delivery organisations on how to reduce violence.

**System Guidance**  
Publish guidance for system leaders on what changes to make.

We will **WORK FOR CHANGE**

**Grow Demand**  
Build awareness and appetite for evidence across all sectors.

**Change Practice**  
Support delivery organisations in each sector to do what works.

**Reform Systems**  
Support system leaders in each sector to change things.

We will **UNDERSTAND THE SITUATION**

**Understand young people**  
The lived experiences, views of our young children and who is most vulnerable.

**Understand violence**  
The lived experiences, views of our young children and who is most vulnerable.

**Understand practices and systems**  
The existing practice and the bright-spots and challenges in systems

- Desirable impacts on reducing aggression, promoting mental health and responding to other behavioural difficulties

# How can you implement it well?

- **Developing strong, trusting relationships with participating children**

Adults running sessions become role models; building strong relationships is important to drive impact; soft skills are key for staff.

- **Be aware of the reasons young people may leave programmes and support continued engagement**

Providing incentives (such as healthy meals, or coaching accreditation) can help children remained engaged and having relevant activities that have a wider offer can strengthen engagement.
